# THE COMPANY

B. H. Ladwa Ltd is a private limited company with a longstanding presence in the construction industry, possessing over 40 years of experience in both the building and civil engineering sectors. Within a decade of its establishment, the Contractors Registration Board of Tanzania acknowledged the company's excellence by designating it as a Class 1 Building Contractor and a Class 2 Civil Engineering Contractor.

Over the years, the company has expanded its operations by focusing on different aspects of the construction industry. With several sister companies, each serving a unique purpose within the organization, B.H. Ladwa Ltd showcases a wealth of expertise across all sectors of the industry.

Through disciplined craftsmanship and a commitment to consistent quality, the company has earned substantial recognition for its achievements in Tanzania.

## AIMS

Our objective is to enhance the quality of the construction industry by prioritizing development and research. We aim to implement the latest and most effective construction methods while investing in proven and efficient technologies.

Our objective is to improve and refine our construction methods to effectively address client demands while consistently delivering high-quality work at competitive prices.

## VALUES

- Customer and employee satisfaction are fundamental to the progression and growth of any organization.
- Investing in the latest technological machinery is essential for delivering the highest quality of work.
- Transitioning into a more capital-intensive construction company will enable us to complete projects more efficiently while enhancing the overall quality of our work for our customers.
- Strengthening our internal capabilities is crucial for producing superior results.

## GROWTH & EXPANSION

Over the past Five decades, the company has expanded its focus beyond traditional construction to encompass various construction-related enterprises. The owners have established sister companies and partnerships aimed at fostering development within the construction industry. Their investments include the importation of foreign building materials, the trade of hardware products, manufacturing and distribution of plastic and wire products, concrete mixing, real estate ventures, the construction of low-cost prefabricated housing, and the rental of storage facilities.

## SUPPLIERS & CUSTOMERS

The company maintains robust international business relationships and fosters goodwill with both local and global suppliers and customers. It sources machinery and building products from a diverse range of countries, including Germany, Dubai, India, China, and Kenya.

The customer base is primarily located within Tanzania, with additional presence in certain regions of Kenya, Uganda, and Ethiopia.

## Alternative Focus

**The company has broadened its focus to encompass various business ventures. These include:**

### 1 APARTMENT RENTAL

Primarily concentrated in Dar es Salaam, the shareholders have established distinct companies and partnerships to manage the business. Their objective is to offer affordable flats complemented by additional services for clients.

### 2 INDUSTRIAL EXPANSION

Shareholders have established separate companies focused on industrial expansion, particularly in the manufacturing of plastic products, nails, weld mesh, expanded metal, barbed wire, and chain link fencing, among others.

### 3 GO-DOWN RENTING

B.H.Ladwa Ltd offers substantial and well-located go-downs for companies seeking storage solutions. We provide flexible options for monthly rentals and annual leases, ensuring that businesses have access to ample space for their products in prime locations.

### 4 IMPORTATION OF BUILDING MATERIAL

The shareholders have established a separate entity dedicated to the importation of building materials and their local distribution. This company has been recognized as one of the top 100 mid-sized companies in Tanzania.

### 5 CONCRETE BLOCKS

Situated in Morogoro, the company specializes in the mass production of concrete blocks tailored for diverse designs, catering to contractors and construction firms.

### 6 INTERNATIONAL PRESENCE

The group has also started to expand its sister businesses in other countries such as United Kingdom, India, Uganda, Kenya, and Rwanda.

# RESOURCES 1

## 1. CAPITAL INTENSIVE

One of our key strengths lies in our commitment to staying current with machinery and technology. We employ a significant number of machines to enhance efficiency and ensure high-quality outcomes in our operations.

1. Semi- Trailers

2. Vibrating-Rollers

3. Tippers

4). Grader

5. Back Hoe Loaders

6. Cranes

7. Timber Workshop

8. Block Making factory

9. Aluminium Workshop

# RESOURCES 2

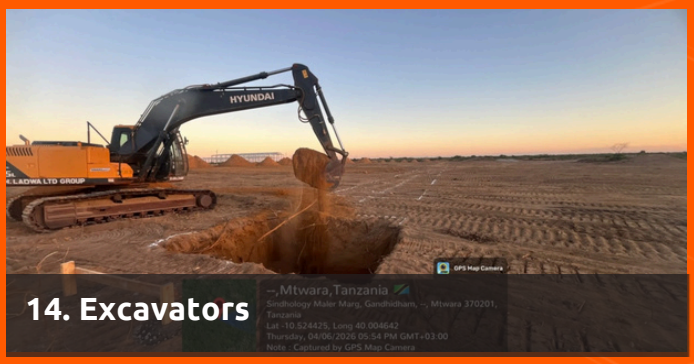

10. Bulldozers

11. Rock Breakers

12. Tippers

13. Pickups

14. Excavators

15. Cranes

16. Water Bozers

17. Wheel Loaders

# MEMORIES

## Foundation Of Dar es Salaam Technical College - 1969

Hemraj Ladwa, being present at the 1969 foundation of Dar es Salaam Technical College indicates his significant role in Tanzania's development, likely in education, construction, or technical sectors. The college was a crucial part of President Nyerere's vision to build a skilled, self-reliant workforce after independence. Hemraj Ladwa had contributed directly to the college and worked on projects aligned with this national goal. His presence at such an event highlights his involvement in shaping Tanzania's post-independence growth.

## Opening Of Makumbusho Market - 1997

B. H. Ladwa had the distinct honor of being joined by President Benjamin W. Mkapa at the inauguration of the Makumbusho Market in Dar es Salaam, Tanzania.
